

# CUSTOM DETAIL PRICING

## ARCHES

*Must Supply Template*

Arched or curved top. Price per foot of shade width.  
Min. 4 feet per arch ..... \$45 per linear ft.

## BALLOON INSERTS

Alternative fabric inserts ..... 35% labor surcharge

## BANDING

Made and applied to shade per linear foot (based on the finished size of shade). Minimum 4 feet per shade. When figuring yardage for banding, use the flat or cut measurements of shade (i.e. allow for pleats or fullness). If banding is to follow a shaped hem, please call for a quote.

### COM BANDING

Labor - machine sewn \$12.50 per linear foot  
Beautiful Basics - com labor plus cost of Beautiful Basics yardage

## BLACKOUT LINING

See pricing on selected style price chart. Please Note: Blackout lining makes shades stiffer and more bulky as well as adds substantial weight to the shade. Depending on style chosen, there may be light holes showing through to the face of the shade. Please read the descriptions of individual styles.

## BOTTOM UP SHADE - BOTTOM UP/TOP DOWN SHADE

Price as you would for your selected style Roman Shade and add the surcharge below.

Minimum charge of 4 feet per shade

Recommended styles: Highland, San Luis, Napa, Alpine, Capri

### BOTTOM UP

Shade without valance ..... \$15 per linear foot  
Shade with valance .... \$30 per linear foot plus yardage

### BOTTOM UP/TOP DOWN

Shade without valance ..... \$44 per linear foot  
Shade with valance .... \$56 per linear foot plus yardage

Valance style as follows:

Inside mount - Flat Valance

Outside mount - Kickpleat Valance

(all Capris come with a flat valance)

## CORD LOCKS

Available at no charge. Must be requested on your work order. Size limitations apply. Not available on arch shades.

## CORD PULLS

4" Decorative Tassel available in Ivory or Golden  
Please specify color \$20 each

## CORDS FORWARD/SHADE ATTACHED TO BACK OF HEADBOARD

..... \$35 per shade.

This application requires a valance or other top treatment over the shade to hide the operating hardware. Please refer to valance design details on page 62.

## CONTINUOUS CORD SYSTEM

### EASY RISE / SLIDE WINDER SYSTEM

**Please note: This is a tension based system.** Shades must not rest on surface when lowered.

This is an alternative cording system which eliminates the need for a wall cleat and also works as a cord lock. Please note: to accommodate this system, the depth of the headerboard must be increased to 2 3/4" deep, minimum shade width is 20", and maximum shade width is 120".

Up to 84" wide ..... \$120

85" to 120" wide ..... \$160

\*When used on an arch shade add \$100.00

## CORNICES

20% Surcharge

Cornices are available in various styles and are priced according to style chosen.

## DIFFICULT FABRICS

20% Surcharge

Whether or not a fabric is difficult is often determined by the shade style chosen. Difficult fabrics often include sheens, casements, plaids, Sunbrella, velvets and upholstery weight fabrics. Call Customer Service for more information.

## FACING AND FALSE HEMS

Fabric strips sewn to the sides or bottom of a shade to increase size of fabric.

Side hems ..... \$8 per foot of shade height

Skirts ..... \$8 per foot of shade width

## HEADERBOARDS

Shades with a return larger than a 24" have the following surcharge.

Price includes mounting brackets.

Return size ..... Surcharge per linear foot

1" - 24" ..... No Surcharge

3" ..... \$5.00

3 1/2" - 5 1/2" ..... \$14.00

6" - 8" ..... \$16.00

## HEADERBOARDS MITERING

..... \$25 per metre

Templates are required for any mitre that does not form a 90 degree corner angle or a 135 degree bay angle.

## HOLD DOWN SNAPS

One pair equips one shade. .... \$15 per shade

## INTERLINING

Labor surcharge ..... 30%

Beautiful Basics interlining ..... \$10.00 per yard

## LINING
